

PRODUCT FEATURES

- Great when you need power in a small footprint
- Compact sleek design
- Two cooking zones for high output
- High efficiency – delivers almost twice the cooking power of a similarly rated gas hob
- Functional and attractive profile, perfect for front of house theatre-style cooking
- When you need intense heat to get you cooking fast, zones can be boosted to 3kW for up to 10 minutes. Power to other zones will drop during the boost period
- Easy to clean, heavy duty 6mm thick high impact resistant glass

Where you need power in a small footprint, the PHEH01 induction hob can deliver. The energy efficient induction process delivers 90% efficiency compared to a typical gas hob. With twin cooking zones for high output, and a boost function when more power is required, the induction hob will get you cooking fast.
